

# **MISSION STATEMENT**

- To develop pride in the educational program at the Palestine Grade and High Schools among the people of the community.
- To establish a system of support for those students wanting to work on advanced academic projects.
- To help provide activities for students that could be classified as unusual learning experiences.
- To enhance communication between the school and the community.
- To further develop and improve the general academic resources for Palestine students.
- To enhance faculty and student morale by providing for special faculty recognition and support for creative teaching projects to enhance learning opportunities for students.
